

PowerPlan Online Learning Portal: Your go-to source for user training on demand

Available to all PowerPlan clients, the portal is your go-to destination for self-paced learning about PowerPlan solutions. It delivers learning experiences for your entire team, in a way that works for you and your users.

Your complete training toolkit, all in one place

- Available 24x7
- Browse and watch recordings on dozens of relevant PowerPlan topics
- Includes introductory courses, in-depth tutorials on more specialized features, and reviews of new features in the latest PowerPlan software releases
- Ask-an-instructor feature lets you submit training-related questions and receive an answer by the following business day
- Register for one of the many open-enrollment courses we offer each year

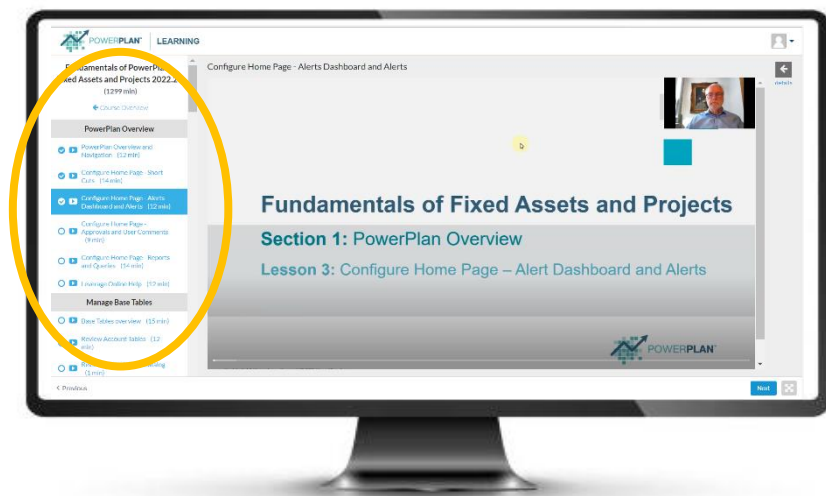

Clean, simple user interface makes it easy for users to navigate to the courses they need most at any given time.

Delivers strategic benefits to help your users and your business get the maximum benefit from PowerPlan technology

- Enables easy, on-demand tutorials for onboarding new hires or cross-training
- Modular recording format makes it easy to go to the exact spot in the lesson that matters most to you
- Provides valuable continuing education for your PowerPlan users
- Supplements your broader learning strategy

Webinar and course recordings are clearly labeled and divided into content modules, providing a modern online experience, and making it easy for users to access the exact part of the lesson they care about most.
